

BGOUG Spring 2010 Presentations Template,
23rd – 25th April, [hotel Sankt Peterburg](#) in Plovdiv

Presentation	Title	My first months with APEX 4.0, the differences with APEX 3.x
	Type	• Conference session
	Area	• Design and Development
	Level	• Introductory / Experienced
	Abstract	At the moment APEX 4.0 did not come out yet, but an Early adaptor is available for you to test. In this presentation I'll talk about my first impressions with APEX 4.0. This session is not so much a New Features presentation, but more what I see as the big differences in developing in APEX 4.0 compared to earlier versions. Ofcourse I'll also demo the coolest new features or less known features I think are worthwhile to know!
	Language	English
	Approximate Duration	1h
Speaker	Preferred Day for Presenting	• Saturday
	Name	Dimitri Gielis
	Position	Director
	Company	Sumneva
	Short Biography	Dimitri Gielis is a Director & Co-Founder at Sumneva™, a world-class Oracle® Application Express (APEX) consulting, training & solutions firm founded in 2010. He has assisted a number of clients from various verticals with their Oracle APEX development and training needs, specializing in the healthcare & pharmaceutical industries. In 2000, Dimitri began his career working as a consultant for Oracle Belgium, where he worked with almost every Oracle product. He is a frequent presenter at IOUG Collaborate, ODTUG Kaleidoscope, UKOUG and Oracle Open World (OOW). In 2008 Dimitri became an Oracle ACE Director, and in 2009 received the “APEX Developer of the Year” award by Oracle Magazine. Previously to co-founding Sumneva, Dimitri co-founded APEX Evangelists, a company which specialized in providing training, development, and consulting specifically for the Oracle Application Express product. Gielis and his family reside in Leuven, Belgium and you can follow him on his blog, http://dgielis.blogspot.com.
